Dr. George Sanchez
University of Texas
Austin, Texas

Dear Dr. Sanchez,

I have a letter from Dr. Haskew which suggests that I get in touch with you regarding the possibility of our getting together to discuss plans for a possible study of the problem of reading with special emphasis on Mexican-American pupils. I understand Dr. Haskew has spoken with you about my request.

I am most interested in doing something to help our youngsters and I feel that we have the possibilities of rendering some help to the state thru some study or experiment. As I told Dean Haskew, we are not very "financial", but it seems a pity that we should stand still, so I hope we may be able to work out something practical for all concerned.

If it possible, I should like to get together with you for further discussion. I would be happy to have you come down here, or I will come up there, as you wish. I am most grateful for your interest and look forward to talking with you.

Cordially,

E. E. Arnaud
