

ALICE INDEPENDENT SCHOOL DISTRICT

ALICE, TEXAS

CURRICULUM OFFICE

March 20, 1956

Dr. George Sanchez
Sutton Hall
University of Texas
Austin, Texas

Dear Dr. Sanchez,

We are certainly delighted that you will be able to be with us the evening of April 16 to speak to the Gulf Coast School Executives Association. This will be the last of five regularly scheduled meetings for the school year. The previous programs have been concerned with legislation, White House Conference, and integration. We are particularly interested in having one program devoted to curricular concerns. The meeting will be held at Texas A&I College beginning with dinner at 7:00 p. m. and followed by the program.

In our telephone conversation we also discussed the possibility of you being available for a consultant day in Alice either on Monday or Tuesday. Further discussion of this question by our staff indicates that we would prefer Tuesday, April 17. At 9:30 a. m. on Tuesday we have our weekly staff meeting of all administrative and supervisory personnel. A number of the principals, particularly those in schools of predominantly Spanish-speaking children, are inviting you to have lunch with them. Then at 2:30 p. m. we are planning a general faculty meeting of all professional personnel. We would like for you to speak to this group of over 200 people. If Tuesday meets with your approval we can communicate in more detail concerning local conditions and needs.

In your talks to the GCSEA and the local faculty we would suggest that they be concerned with curricular matters with particular emphasis upon the needs of bi-lingual or Spanish-speaking children. This is not to imply that we see a difference in the needs of these children as opposed to any other children but rather the converse of that. By giving emphasis, therefore, to this suggested topic, it is hoped that we may be stimulated to re-evaluate the instructional program in terms of this large number of children. At the GCSEA session your remarks may be pointed to the administrator and supervisor; at the general faculty meeting, pointed to the teacher.

We have attempted to provide a framework for your work with us rather than to be specific. We will need, however, a specific topic of your choosing which will be printed with the notices of the meetings. This is particularly true for the GCSEA meeting. We would welcome a statement of the topic just as soon as you know.

In closing, we would suggest that we make hotel reservations for you in Alice and that you go over to Kingsville with our group. We will leave Alice at 6:00 p. m.

Sincerely,

Edwin Hindsman
Assistant Superintendent
of Schools
